### **K. CLINICAL CASE CONSULTATION**

From 2000-2006, I provided clinical ethics consults at Montreal General Hospital. As clinical ethicist for Montreal General Hospital I served as a member of the Adult Clinical Ethics Committee of the McGill University Health Centre and Montreal General Hospital Research Ethics Board. Though most of my consultations occurred at Montreal General Hospital, I provided ethics consultations at other McGill-affiliated institutions.

Prior to my arrival at McGill I worked as a clinical ethicist from 1998-2000 at Baycrest Centre for Geriatric Care and Sunnybrook & Women's College Health Sciences Centre.
